## MAINTENANCE & SUPPORT | SUBSCRIPTION GENERAL POLICIES & LIMITATIONS

Subscription to this service plan guarantees access to the services detailed below.

1. Maintenance & Support Highlights:
  - \$150 per hour support charges waived
  - Free support for an unlimited number of incidents for a year
  - U.S. phone support available between 8:30am and 5:30pm U.S. Central Time (GMT -6)
  - Support portal access 24 hours a day
  - Renewable every year (discounts available for advance purchase of multi-year M&S packages)
  - Free bug fixes and product upgrades, both major and minor, during the subscription period.

Should the maintenance and support subscription lapse, Fulcrum Biometrics is under no obligation to provide patches, new versions, or upgrades.

2. Renewal Policy:

The initial term of the service plan is one year from the date of purchase (i.e. shipped from Fulcrum Biometrics) of your software. The "effective anniversary date" (EAD) of the subscription is the first day of the first full month after the anniversary of date of purchase. The subscription will automatically renew for the next twelve (12) months when Fulcrum Biometrics receives your payment. A renewal payment not remitted within 30 days of the effective anniversary date will cause the subscription to be canceled. In the case of a canceled or lapsed subscription, to receive support, you must either a) make the subscription current by paying any monies owed from the renewal date forward, or b) remunerate the current hourly technical support fees assessed by Fulcrum Biometrics. To receive support, the remedies outlined previously in this paragraph apply. Maintenance and support for licenses (seat or server) purchased between the initial purchase and the effective anniversary date will be added to the total licenses owned, and the subscriber will only need to remit one time a year (on the EAD) for all licenses being used.

This subscription may be terminated by Fulcrum Biometrics immediately and without notice if the subscriber fails to comply with any term or condition of this Agreement, or if a subscriber exceeds reasonable use of the subscription. If Fulcrum Biometrics chooses not to renew a subscription on the basis of excessive usage, such determination shall not be deemed to preclude customer support from Fulcrum Biometrics on a pay-as-you-go basis or under a limited incident plan, if available. From time to time Fulcrum Biometrics may change the terms or conditions of this subscription plan, method of delivering or accessing the subscription and/or the subscription fee.

3. Definition of an Incident:

For purposes of these terms and conditions, an "incident" means (a) a single issue or problem that a subscriber asks a support representative to analyze or resolve, (b) a product-usage question that involves a single topic on a feature or function of the software, or (c) a single request for installation or troubleshooting of peripheral hardware devices. The technical support representative will determine if any additional incidents may be handled during the course of the telephone or electronic contact.

4. General Policies:

During the term of the subscription, subscriber will receive support for an unlimited number of incidents. Fulcrum Biometrics reserves the right to limit each contact (telephone or electronic) to one incident as defined above. Fulcrum Biometrics may also choose to limit, terminate, or not renew support service for any subscriber who uses the service in an irregular, excessive, abusive, or fraudulent manner. Terms, conditions, support features, procedures, pricing and support availability for future periods are subject to change at any time without notice. Coverage is non-transferable and is valid for the subscriber only. Resale or transfer of subscription rights is strictly prohibited, and will be grounds for termination or non-renewal of the service plan.

5. Support Availability:

Support availability may vary from stated hours due to downtime for systems and server maintenance, company events, observed U.S. holidays, and events beyond our control. For subscribers in the United States, please call the Fulcrum Biometrics support number (210-257-5615 or 800-430-4601) between 8:30am and 5:30pm Central Time. Subscribers located outside the United States, are encouraged to call Fulcrum Biometrics or set up Skype accounts for verbal conversations. Customers can place support tickets online at <http://support.fulcrumbiometrics.com>. Off-hours support can be arranged by appointment.

As an active subscriber, you may be eligible for additional products, services, and/or discounts when and if such additional products, services and/or discounts become available. These additional offerings or offers may be subject to additional terms, conditions and limitations.

6. Support Topic Limitations:

Inquiries are limited to the following Software product areas: installation, upgrade assistance, basic functionality, and hardware troubleshooting. Fulcrum Biometrics will also assist subscribers with basic connectivity issues between client and server components installed in the same network to the extent necessary to confirm whether such issues relate to equipment or software within Fulcrum Biometrics control. However, Fulcrum Biometrics shall not be responsible for connectivity issues caused by user network setup or configuration, or third-party services, service providers, hardware, or software. The service plan does not cover application consulting or training. Fulcrum support hours and response time guarantees do not apply to third parties to whom Fulcrum Biometrics transfers or escalates a call, in cases where a third parties' hardware or software are involved.

7. Product Upgrade Limitations:

Fulcrum Biometrics will send service plan subscribers new software version upgrades when and if a new release is available for their edition of the product during the subscription period. Subscribers will NOT be entitled to receive a version upgrade released after the expiration date of their subscription. Version upgrades are provided for use by subscribers only and are strictly prohibited from resale.

8. Supported Products and Services:

The service plan subscription covers all supported versions of software (as defined in the Software End User License Agreement) and any services included in the service plan. Support availability for a particular version is subject to change at any time without notice.

9. Privacy Statement:

Your subscription is subject to Fulcrum Biometrics privacy policies, as may be amended from time to time, as set forth in our Privacy Statement: [http://www.fulcrumbiometrics.com/terms\\_privacy.asp](http://www.fulcrumbiometrics.com/terms_privacy.asp).
